

Investor Relations Programs

The investor relations programme aims at developing and maintaining quality communication flows between Yehey! Corporation and its various stakeholders. Company's goal is to ensure that all questions from our stakeholders are dealt with appropriately and in a timely manner and that the Company is approachable and responsive to any existing or potential future stakeholders. To this effect, various communication channels are used and regular information sharing opportunities, both regulatory and other, are scheduled throughout the year.

The website of the company (<http://www.yeheydigitalgroup.com/>), which is regularly updated, hosts all of the written information regarding financial statements, management reports and the like. It also conducts an Annual Stockholders' Meeting to provide an avenue for stockholders to raise their concerns or questions to the management.
